

Quality Policy

2024-04-01

The quality work within Ekamant, through the commitment and responsibility of all employees, shall lead to the achievement of the company's operational goals.

By:

- Having High quality as our guiding principle, not only for our products but in everything we do.
- Working with continuous improvements to develop our operations, our processes, and to meet our customers' requirements.
- Always striving to do things right from the start, dare to make decisions, and set requirements that ensure the right quality.
- Nurturing long-term relationships and instill confidence in our customers.
- Ensuring employees' competence through training and regularly learning from our own and others' experiences to create high quality, safety, efficiency, and satisfaction.
- Having all employees within the Ekamant group feeling responsible for our quality.
- Systematic quality work, we shall meet the constant demands for development from our customers and other stakeholders.

Environmental Policy

2024-04-01

We at Ekamant are committed to reducing our environmental impact and continuously improving our environmental performance.

We strive to:

- Comply with applicable laws, regulations, and other requirements that we have established.
- Reduce our environmental impact by improving our resource use efficiency, reducing waste and emissions, and actively working to prevent pollution.
- Continue to develop and improve our products and service quality by considering environmental aspects and meeting our customers' needs and expectations.
- Inform, educate, and engage our staff about environmental impact, environmental issues, and how we can contribute to reducing our environmental impact.
- Collaborate with our suppliers, contractors, and customers to reduce our collective environmental impact and promote sustainability.

"WE ARE COMMITTED TO REGULARLY REVIEWING AND IMPROVING OUR ENVIRONMENTAL POLICY AND OUR ENVIRONMENTAL PERFORMANCE."

Mikael Rietz, CEO.
